Capt. Don's

COME JOIN US AT CAPT. DON'S for an opportunity to visit with **HUMPBACK & BLUE WHALES** at the Santa Barbara Channel Islands. The **BLUE WHALE** is over 100 feet long and has a heart the size of a Volkswagen bug. The **HUMPBACK WHALES** always put on a wonderful show of breaching, spy hopping, and tail flopping. While we are at Santa Cruz Island, we'll stop by and visit the worlds largest sea cave, "the **PAINTED CAVE**".

THE SANTA BARBARA CHANNEL is home to over 27 species of whale and dolphins, six types of seals and sea lions, and countless numbers of sea birds and other marine life year round. We might even have the opportunity to encounter **KILLER WHALES** and the **GREAT WHITE SHARK**. It's an adventure the entire family will enjoy.

OUR WHALE WATCH TRIPS ARE GUARANTEED. In the rare event we do not see a significant marine sighting, whale passes will be issued which are valid for the 2003 season.

YOU'LL BE BOARDING the **RACHEL G**, it's 90 feet, fast, comfortable, 50 foot sundeck, lots of seating throughout the entire boat, full galley and bar service. **WHALE WATCH** in style aboard the **RACHEL G**.

TWO HOUR SUNSET CRUISE along beautiful Santa Barbara Coastline. Watch a golden sunset while sipping on our world famous \$2.50 **MARGARITAS** (a Santa Barbara Tradition). What a great way to end a beautiful day in Santa Barbara.

HARBOR & SEA LION CRUISE is the best deal in Santa Barbara. Join us for a 40 minute narrated cruise along scenic Santa Barbara Coastline and Harbor. We'll be stopping by and visiting the California Sea Lion Colony so be sure to bring along your cameras. SantaBarbara.com Visitors Guide.
